Frequently Asked Questions

What is an Employee Massage Day?

This is a day for you to give your employees a chair massage experience in the midst of their day. We created this day to help you ease the stress with no cost to you. Rarely, do people treat themselves to the healing powers of massage. It is our community outreach service by marketing through touch. If any employee needs our services, they know where to find us through our gift certificate.

How much space do I need?

We need only a 6ft x 9ft space. Because the chair is so unobtrusive, it will not interfere with the day to day productivity of your business. This can be a conference room, lunch room, or extra office. We find that semi private rooms are liked. There is no disrobing or massage oils.

We'll boost morale and demonstrate your appreciation for employees!

Imagine how appreciative your employees will feel when they get to spend several minutes in a comfortable massage chair with a skilled set of hands to work out neck and back tension. And you managed to pull this off at no charge to them! Clean, effective, no strings attached.

Simple to Schedule
